

Electronic Medical Record Training

Kettering Health Network is fully operational with the Epic Electronic Medical Record, which includes E-Prescribing of all medications. Epic specialty training is required. It encompasses e-learnings and virtual classes or in-person classes. Refresher training is required every two years. All in-person classes are held at:

Prestige Plaza
1 Prestige Place, 7th floor
Miamisburg, Ohio 45342

The e-learnings will be assigned to you in HealthStream. The classes available are:

- Anesthesia
- Beacon (Hematology/Oncology)
- Cardiology (includes Ambulatory and Inpatient)
- Emergency
- Inpatient/Hospitalist
- OBGYN (includes Ambulatory and Inpatient)
- Surgery/Proceduralist Class (includes Ambulatory and Inpatient)
- Primary Care

E-Prescribing Controlled Substance (EPCS) went live in December 2019 and will be mandated by the Federal Government by January 1, 2021. We have implemented a hands-free, second-sign push token technology that provides fast and automated authentication that meets Federal Requirements. To prepare:

- Download Imprivata ID from your smart phone's app store. Must be Android 7 or later or iOS 11 or later. Imprivata security codes will need to be enrolled to complete the process.
- Where to have your phone enrolled?
