Student Internship FAQs

Q: What do I need to do to apply for a student internship through Kettering Health Network Sports Medicine?

A: Application materials are located on our website (see link below). Please submit your completed application, resume and a letter of recommendation from a sponsoring professor to the sports medicine group you are applying to.

http://www.ketteringhealth.org/sports-medicine/internships.cfm

Q: Am I able to do an independent internship that is not a requirement through my college/university?

A: No. All internships must be a graduation or course requirement through your college/university.

Q: Do you offer paid internships for exercise science professionals?

A: No. All of our internships are geared towards college students who are currently enrolled in a degree program at an accredited college/university. All paid job opportunities can be found on our website at:

http://www.ketteringhealth.org/human_resources/

Q: What coursework is required for your internship program?

A: Consideration will be given to all applicants; however priority will be given to applicants nearing graduation.

Q: Do you accept high school students into your internship program?

A: No. Due to state regulations, we are unable to accept high school students into our internship program. However, we offer an annual student aide seminar each spring, and a student aide workshop each summer that is geared towards high school students interested in sports medicine. For more information please contact Laura Stafford, at LauraA.Stafford@ketteringhealth.org

Q: Is there a deadline for submitting my application?

A: Yes. We accept student interns for the fall, spring and summer timeframes, with each having a unique deadline and timeframe (see below). All application materials (application, resume and letter of recommendation) must be received on or before the deadline for consideration.
